CHAIRS OF SENATE DIVISIONS
CHAIRS OF SENATE COMMITTEES

Dear Committee and Division Chairs:

The Academic Senate has been asked by Interim Provost Pitts to participate in a systemwide review of proposed technical amendments to APM 028. Attached are the Provost's letter and the revised APM. In addition, the proposal is on the web at http://www.ucop.edu/acadadv/acadpers/apm/review.html

APM 028 reflects requirements of the California Government Code that state agencies have conflict of interest codes, and the changes reflect changes in the governing statute and its implementing regulations as well as changes in University administrative titles. In addition, some non-substantive grammatical corrections have been included.

I have personally reviewed the proposed changes and agree with the assessment that they are technical rather than substantive. However, all Senate Divisions and Committees are invited to conduct their own reviews to determine whether the changes raise any substantive issues. Although the request for review is being sent to all Senate Commitees and Divisions, any Committee or Division may decline to comment. Among the committees, it is likely that UCORP, UCAP, and UCFW will have the greatest interest in these changes to the APM.

Comments are due to the Provost's office by June 5. In order for the Academic Council to synthesize the comments, if any, of Committees and Divisions and relay a Senate position to the Interim Provost, Council will need to review your comments at its May 27 meeting. Accordingly, I request that you submit your Committee's or Division's comments or indicate that your Committee or Division declines to comment by May 20. Thank you for your assistance.

Sincerely,
Martha

Martha Kendall Winnacker, J.D.
