Chair, Intersegmental Committee of the Academic Senates (ICAS)

RE: Endorsement of the 2025 Mathematics Competencies Statement

Dear Chair Cheung,

BOARS discussed ICAS' 2025 Mathematics Competencies Statement during our meeting on May 2, 2025 and voted to endorse it. Members appreciate the significant amount of collaboration that went into the preparation of this set of guidelines and are grateful that the document clearly defines and articulates the K-12 mathematical preparation that will provide a strong foundation for students matriculating to any of the three segments of California's public higher education system. We also appreciate the focus of this project on ensuring that California students will have the mathematical preparation they need to enter the college major of their choosing.

Sincerely,

Deborah Swenson
Chair, BOARS
