Re: In Strict Confidence: Naming of College Ten

Dear Lori,

I am delighted to forward to you the attached request to name UC Santa Cruz's tenth residential living and learning community as John R. Lewis College. This is the result of the establishment of a college endowment by an anonymous donor. College Ten is well known on campus as a social justice and community living and learning environment. College Ten academics focus on the structural inequities that exist in society, such as racism and poverty. The College emphasizes the role of community involvement in addressing these questions of social injustice. This curricular study is supported by educational enrichment and co-curricular opportunities inside and outside the university. Programs include additional elective courses, a leadership certification program, service learning programs, alternative spring break, and the annual student-led Practical Activism conference.

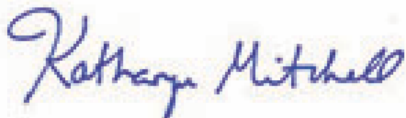

I will be working with the Office of the Registrar and the Committee on Educational Policy to ensure the success of the name changing process with respect to academic records and reports.

It is our hope to use the new name for all diplomas awarded Fall 2022 and later, to issue a revised catalog this fall consistent with the name, and to similarly revise course and program designations during fall quarter.

Of course, we will await Senate confirmation of the name change prior to implementing these changes and, for that reason, I hope you will be able to assist the campus in expediting the review of this request.

Thank you very much for your assistance.

Sincerely,

A handwritten signature in blue ink that reads "Katharyne Mitchell". The signature is fluid and cursive, with the first name "Katharyne" being more prominent than the last name "Mitchell".
